

Policy on the Roles and Responsibilities of Directors, Officers, Committees & Coordinators

The GOV By-laws establish a Board of Directors and Officers to administer the affairs of the organization. The purpose of this policy is to clarify and elaborate on the authority and expectations of the Board of Directors, Officers and other key GOV positions.

BOARD OF DIRECTORS *(refer to Section 3 of the GOV By-Laws)*

The Board of Directors is responsible for the governance and oversight of GOV on behalf of the GOV membership. This involves the responsibility for setting a high-level framework for GOV's management, including its:

- Vision, mission and values;
- Strategic direction and progress towards objectives;
- Financial management and long-term sustainability;
- Policies, procedures and rules;
- Public reputation; and,
- Compliance with lawful and ethical practices.

The Board makes decisions by passing motions, by consensus or majority vote, at duly constituted Board meetings. This means Directors have no decision-making authority individually or outside of meetings - the Board speaks with one voice or not at all. While the Board collectively has total authority and total accountability for the organization, it relies on Officers and Coordinators to manage the day-to-day work of the organization, permitting the Board to focus on the "big picture".

The Board accomplishes this by approving and regularly reviewing long-term strategic plans, annual budgets, committee work plans, and key policies and procedures for GOV. Officers and Coordinators are then delegated the authority to make day-to-day decisions within this governance framework and are accountable to the Board for their performance.

DIRECTORS

Directors are elected by the membership for 2-year terms and may be removed by ordinary resolution at a meeting of members. Every Director has a fiduciary responsibility for the management of GOV. This is a legal obligation to act honestly and in good faith in the best interests of GOV, as well as to exercise the care, diligence, and skill that a reasonably prudent person would in the same circumstances.

Directors are expected to:

- Attend all Board meetings and participate fully in Board deliberations;
- Be prepared to serve in Officer or Coordinator roles as required;
- Lead or assist in organizing GOV projects, events, or activities;

- Support Board decisions once they have been made;
- Be informed of GOV programming, operations and finances; and
- Comply with GOV's by-laws, policies, and all applicable legislation.

OFFICERS *(refer to Section 4 of the GOV By-Laws)*

Officers are appointed by the Board of Directors for 1-year terms. Officers constitute GOV's management team, leading the delivery of GOV programs and activities in a manner consistent with the strategic direction and policies set out by the Board of Directors. Officers are accountable to the Board

of Directors for the performance of their duties and may be removed from office by ordinary resolution of the Board.
